### **Stop 16.**

Hello, you're now outside the Study Gallery at the Henry Moore Institute.

You're now outside The Study Gallery at the Henry Moore Institute. Inside, you'll find *Wayfinding Sequence / Vibrational Re-Call* (2018/2025) by Fayen d'Evie, created with Georgina Kleege, Hillary Goidell and Bryan Phillips.

The installation brings together sound and image. It's a collaborative exploration of how we sense, describe and remember two encounters that the blind scholar Georgina Kleege had with *Sequence*, a monumental sculpture by Richard Serra. Step inside the gallery to experience the work.
