Café Supervisor

ma **Summer Season 2026:
Fixed term**

1. About the Foundation

The Henry Moore Foundation was established by one of the great sculptors of the twentieth century. Today it is the largest artist-endowed grant-giving foundation in Europe. At the Foundation, we would like as many people as possible to enjoy and appreciate sculpture and in particular the work of Henry Moore. We want to inspire and inform people of all ages and backgrounds, whether they have an interest in the arts, are studying sculpture or visiting with their family for a day out. We want to extend our reach to worldwide audiences through international touring of our collection; and to support the development of sculpture through our grants programme. We have bold ambitions that require us to capitalise on our assets in order to achieve these aims.

The Foundation is overseen by a Board of Trustees, but day to day management is delegated to the Senior Management Team. We employ around 70 people on permanent contracts across its two sites, but this number rises to over 100 employees during the visitor season at Henry Moore Studios & Gardens. We are also fortunate to be supported by some 50 volunteers each year.

All of our people are encouraged to uphold our core values: Generous & Inclusive, Respect & Value, and Visionary & Creative.

2. Henry Moore Studios & Gardens, Perry Green

Perry Green is the small hamlet near Much Hadham in rural East Hertfordshire, where Henry Moore made his home. Moore lived in *Hoglands* with his family for nearly half a century and created his extraordinary sculptures, prints and drawings in the various studios within the grounds. In 1977 Perry Green became the headquarters of the Henry Moore Foundation, where the grants programme and other central services, including HR, are based.

Visitors to Henry Moore Studios & Gardens can experience Moore's home and studios and enjoy his monumental bronze sculptures sited in the natural environment as he preferred. We have 72 acres of beautiful countryside estate, from natural meadows and woodland to formal gardens, where visitors can appreciate Moore's work.

Perry Green is home to the Henry Moore collections consisting of over 12,000 objects, including monumental bronzes, wood and stone carvings, maquettes drawings, graphics, tapestries and textiles. We organise a busy programme of national and international loans and exhibitions each year, introducing Henry Moore to thousands of people worldwide.
